

# One Book/One Body

Please install your One Book/One Body sign near your church sign or other high traffic visibility location. \*\*\***Be careful that your sign does not block lines of sight.**\*\*\*

## Church sign installation instruction sheet:

1. Call “Miss Dig” to check for underground cable/gas/telephone before pounding in posts

Miss Dig - 811

2. Recommended: One person to hold post straight while second person uses post-pounder to install posts, 36”-40” apart.
3. Pound both posts down 24” – 30,” making sure they are in the ground to the same level and aligned one with the other.  
(Approx. 6ft. to top of posts)
4. Align OBOB Signs back-to-back and squarely against the posts.
5. Using the holes in the posts as a guide, punch your six holes through both signs with an awl or screwdriver. Separated the 2 signs
6. Using the supplied hardware, fasten the signs together with the posts sandwiched in between the 2 signs.
